ALUMINIUM

JULY 2022

RAPID ALUMINIUM

The experts in aluminium profiles & extrusions
Industry preferred aluminium supplier for both quality and service.

MELBOURNE (Head Office)
27 Nathan Road
Dandenong VIC 3175
PH: (03) 9792 0344
FAX: (03) 9792 4954
Email: sales@rapidal.com.au

www.rapidal.com.au

POWDERCOATING – MINIMUM INVOICE

ALL Powdercoat orders with a total order value under \$1,000+gst will incur a min surcharge fee. This fee will be at the discretion of Rapid Aluminium based on the availability and price of the powder required to complete the order. For further pricing information contact the sales team.

20 year powder coating warranty now available

ANODISED & MILL FINISH MATERIAL

ALL Anodised and Mill Finish orders placed with Rapid Aluminium for PICKUP must be ordered with at least 24hrs of notice prior to pick up required.

CUTTING SERVICE

A fee of \$6.50+gst per cut applies. Please advise us via email if this service is required prior to pick up of goods/order. (Phone instructions will not be accepted) The cutting service is ONLY for “docking” the material and is NOT millimetre perfect. This service will not be provided after the order transaction is complete.

CONDITIONS OF SALE

All goods sold by Rapid Aluminium to the purchaser shall remain the absolute property of Rapid Aluminium and no right, title or transfer of interest of any kind shall transfer to the purchaser until payment in full is made to Rapid Aluminium in respect of the goods. (PRICES ARE SUBJECT TO CHANCE WITHOUT PRIOR NOTICE)

If it becomes necessary to institute legal proceedings to recover unpaid debts to Rapid Aluminium, all discounts showing on unpaid invoices become null and void and the total list price becomes payable. Full Terms and Conditions of Sale appear on the reverse of all invoices (see over).

RETURNS / CREDIT CLAIMS

- Goods being returned will not be accepted without prior approval from management at Rapid Aluminium.
- Invoice number, PO number and date are required on all claims.
- Freight costs on returned goods must be paid by the sender.
- All claims for loss, damage, shortages or price differences must be made within 7 days after invoice.
- Custom made or specially ordered goods are NON-RETURNABLE and NON-REFUNDABLE.

DELIVERY SERVICE

A delivery service is available – please enquire on the cost when placing your order.

MANUFACTURING & ESTIMATING SOFTWARE SUPPORT

We are proud to announce that the RAPID ALUMINIUM PROFILES are now supported by LOGIKAL by ORGADATA. We are excited to show you what it can do and how it can help improve your business in more ways than you think. LOGIKAL is the best software for windows, doors & curtain wall systems in the market today.

It is the software solution you have been waiting for... Estimating projects made easy, with a user-friendly layout and an intuitive user interface that will surely be welcomed by learners regardless of age and background. It's going to be easy and quick to Quote, Order, Produce and create Shop drawings with LOGIKAL.

KEY BENEFITS & FEATURES

- **Estimating** – Quote with ease and present pricing to your client with your very own personalised Quote report.
- **Fabrication reports** – Produce professional detailed and accurate information for assembling and cutting with a simple click of a button. All reports are customizable to your own needs & requirements.
- **CNC connection (coming soon)** – Pre-program and customize CNC data communicated directly to your CNC machinery, improving efficiency, saving you time & money not to mention avoiding costly errors.
- **Structural Analysis** – You get to define profiles to be used in different scenarios and see how design changes affect your Elevation in real-time.
- **Shop Drawing** – Gives you the ability to produce detailed cross-sectional Shop drawings automatically generated from your selected items.
- **Measure on site with App** – Bring your project to your phone or tablet, change sizes and send the information back to LogiKal. Project changes are automatically updated in real-time.

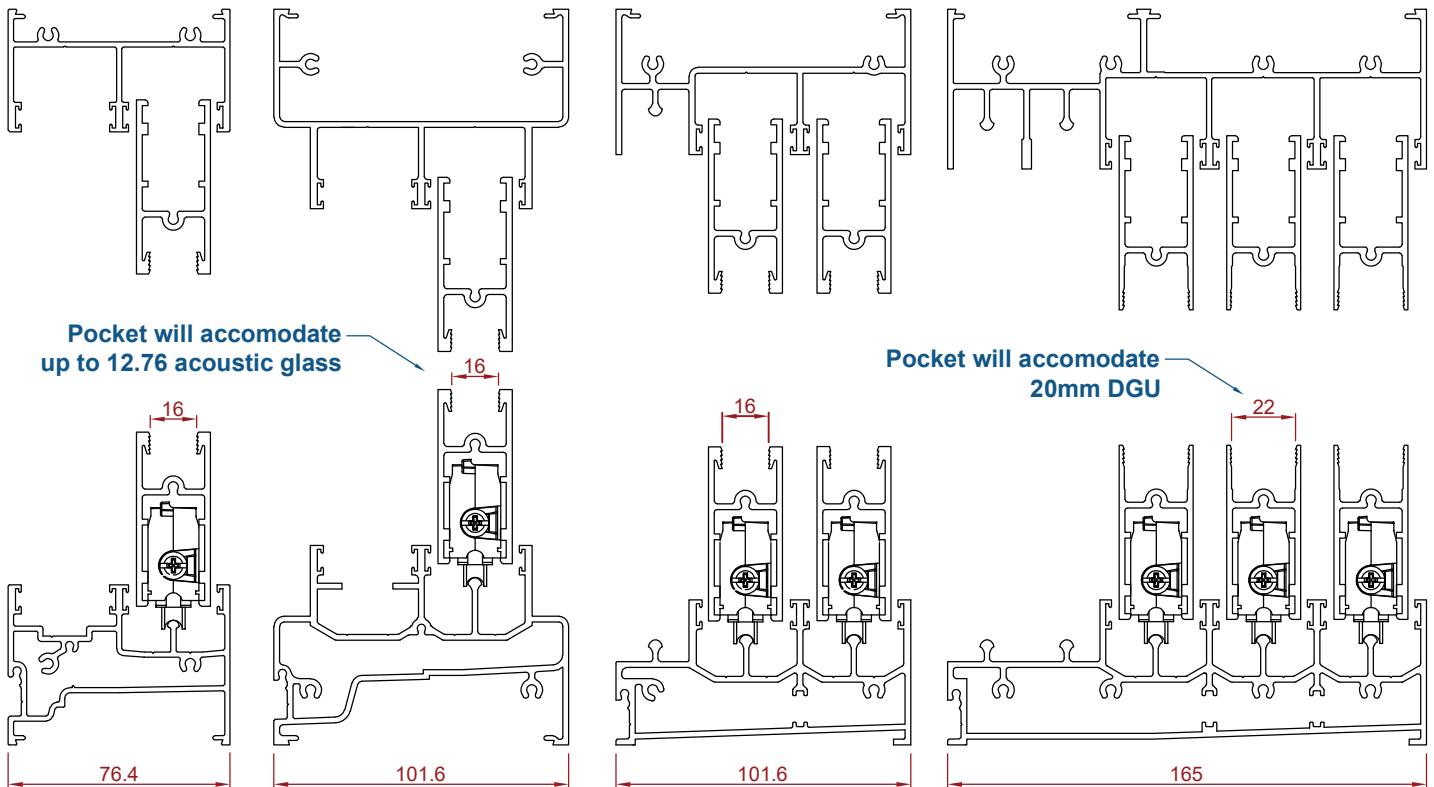

For more information send an email to info@orgadata.com.au or contact your support team at RAPID ALUMINIUM

ALL NEW SLIDING WINDOW

ALL NEW SEMI-COMMERCIAL SLIDING DOOR

- NEW & IMPROVED commercial apartment sliding door
- ALL NEW Semi-commercial sliding door
- 76x35 double glazed centre glazed (**ALL NEW SYSTEM**)
- Commercial sliding window (to suit 101.6 & 76mm frame)
- New bi-fold system in single & double glazed soon to be released
- Boxed flyscreen adapters
- All new fixing reveal adapters
- 50mm glazing pocket double glazed centre glazed 750 series 101.6x50

And many more new sections inside the catalogue.....

FRONT GLAZE SYSTEM GLAZING DETAIL

Please note: Images are not to scale

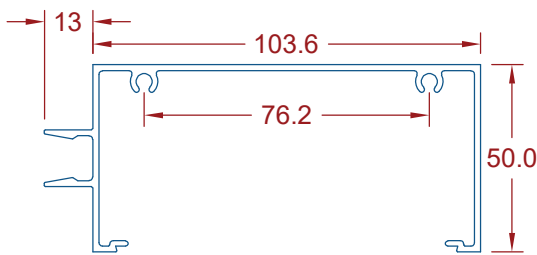

FLUSH GLAZE COMMERCIAL SUITE

This particular system is aesthetically sought after for most medium rise and shopfront use with its clean and modern external appearance. Glazing & Design features nearly flush with the outside face leaving as little of the aluminium profiles visibility externally. The flush glaze system can also be used as a curtain wall due to its design strength properties. Single and double glazed options along with 103mm and 150mm frame depths.

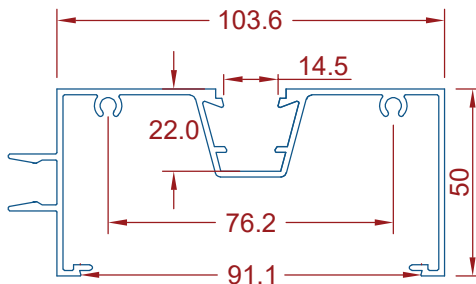

100mm FLUSH GLAZE COMMERCIAL SUITE

ALUMINIUM

RAPID Partition Suite

800 Series & 900 Series

The new benchmark of strength and design reimagined

INTRODUCING OUR NEWEST PARTITION SUITE...

THE 800 SERIES – 100MM (TO SUIT 64MM STUD)

We have redesigned a new suite to cater to the needs of the ever-growing shop fitting and partitions market, with its new and improved robust design our latest addition will surely impress. Our 800 Series is designed 64mm studs application with 13mm plasterboard. While our 900 Series is for 90mm studs. These suites offer a straightforward and effective centre glazing option. Centre glazed is most commonly used glazing option in the market and is by far the easiest to work with for both fabricators and installers alike. These suites have a 14.4mm glazing pocket that can accommodate a wide range of glass options for whatever your project demands. There is also enough clearance within the frame dimensions for the ability to incorporate blinds and other privacy options thanks to the 100.7mm and 131mm framing.

Features of our Partition Suite

- Glazing pocket suitable for 6mm to 10mm glass
- Glazing pocket offers flexibility of either a captive wedge or silicone glazing options
- Plasterboard options:

800 Series

- 13mm plasterboard + 64mm studs + 13mm plasterboard
- 2x skin 13mm plasterboard + 51mm studs + 13mm plasterboard

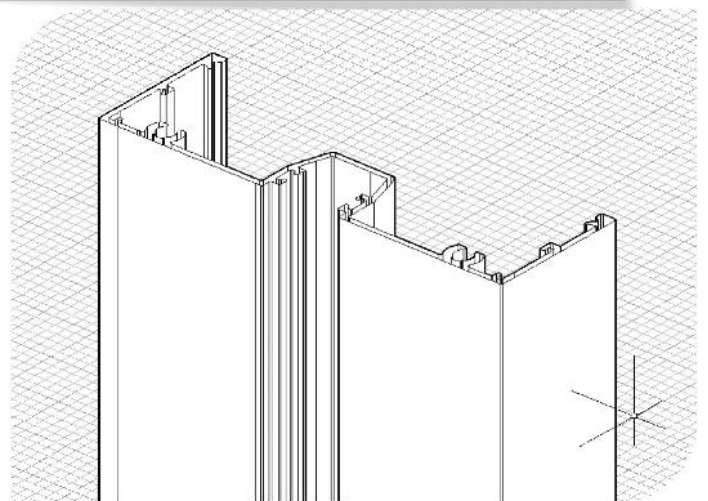

900 Series

- 13mm plasterboard + 90mm studs + 13mm

plasterboard

- Offers Door Stop options to suit 35mm, 38mm and 45mm doors
- Gusset Joining System for both window/door frames and ceiling channel provides cleaner looking joins and seamless mitre intersections.
